Service Technician

Job Type: Full-time/Part-time – Salary/Hourly

Fer-Marc Equipment Ltd. is in search of a Service Technician who would be responsible for maintaining and repairing various equipment including, but not limited to Zamboni ice resurfacers, street sweepers, sewer cleaning & hydro-excavation trucks, refuse trucks, asphalt maintenance equipment etc.

Job Duties:

- Repair and adjust mechanical components.
- Diagnose and repair defects in all equipment.
- Able to operate servicing and diagnostic equipment.
- Able to troubleshoot and diagnose electrical and hydraulic components.
- Able to repair cooling and lubrication systems.
- Inspect, repair and adjust gasoline, diesel, propane and natural gas-powered units.
- Test repaired equipment for proper performance.
- Clean, lubricate and perform other maintenance work.
- Driving service truck/van to various locations to perform inspections, maintenance, and repairs on site.
- Adhere to workplace safety policies, regulations and compliances.
- Communicate any unsafe conditions or accidents in a timely manner.
- Demonstrate effort to improve operations, streamline processes, and work cooperatively and jointly to provide quality service.
- Keep detailed and accurate maintenance reports, timecards and documentation.
- Maintain a working knowledge of changes in techniques and technology in the field.
- Other miscellaneous duties as required.

Requirements:

- Journeyman automotive or heavy equipment mechanic with 2-5 years experience or equivalent work experience.
- Valid driver's license.
- Attention to detail with strong values, ability to work in a high paced environment with a high physical demand.
- Strong work ethic with the ability to work independently and in a team environment.
- Strong internal drive to learn and develop future skill sets.
- Scheduling flexibility as field/roadwork is required.
- Steel-toe safety boots are required.

Licence:

- Journeyman (Preferred)
- Class 5 Drivers License (Required)
- Class 1A or A endorsement is an asset but not required

Fer-Marc Equipment's ideal candidate will be one who enjoys multi-tasking, is results-oriented and is committed to safe work practices. Our ideal candidate will have the ability to work independently while demonstrating sound judgement, decision-making and accountability.
